

VICTOR STAMOV MEMORIAL ORGANISATION

☺ Fly long ... but without thermals ☺

 Most of the time new things are creating concerns ...
but this also has a benefit, that it will think about 😊

any problem by running up to its
recognition take three steps 😞😞😊

in the **first stage** it encounters **lack of understanding and rejection**

in the **second stage** it is **fight**

in the **third** it is regarded as **obvious**

Hopefully I can convince you about the **advantages**
of **VSM** world wide sunrise series and you take part
If not ... try **to accept** it and let us make **these**
new experiences and review after 1-2 years.
